oxidation, one oxygen added (596)
other (573)
cleavage, two or more carbons lost (531)
glucuronidation (280)
demethylation (132)
dehydrogenation (76)
reduction (75)
sulfation (74)
oxidation to a carbonyl (51)
hydrolysis (41)
isomerisation, no formula change (39)
methylation (32)
acetylation (31)
oxidation, two oxygens added (28)
deamination (15)
glutathione conjugation (10)
glycine conjugation (6)
oxidative demethylation (6)
dehalogenation, fluorine (1)
